35-008-010	9/16" MP RH Rupture Disc Assy.	20K Range

20K Rupture Discs

Advanced Pressure Systems offers a complete range of Rupture Discs for use in the Rupture Disc. These discs will protect your personnel, pumps and associated equipment from over-pressuring. The standard range of disc bursting pressures are carefully selected to provide the ideal safety relief for all of your equipment. Special ratings can be provided upon request. Rupture discs for NLB & Jetstream equipment are also available to order.

アドバンスド・プレッシャー・システムズ社は多種多様なラプチャーディスクを提供しています。標準的なディスクの破裂する圧力の設定は、お持ちのウォータージェット機器の安全装置として慎重に選定されています。NLBとJETSTREAMポンプのラプチャーディスクも発注可能です。
